*The immunization records must be complete and returned prior to your child starting school. Kindergartners must have an updated immunization record. Sixth graders must have a second MMR immunization.

**Typically, Richmond Academy students test 6 months to 1 year ahead of other schools. For this reason, if your student does not have a recent transcript and report card, we will accept new students in 1st through 12th grade after the student has taken an entrance placement exam. We will then place your child in the appropriate grade level. We want your child to be successful academically at Richmond Academy. If you do have a recent transcript and report card, the entrance placement exam is not necessary.

***The first tuition payment is due before the student will be admitted to class. Other arrangements should be made through the office.

Sometimes parents need more information prior to making a decision about applying to a school. Touring the school is optional but may help parents who do not know our Academy very well. Please call the office if you would like to schedule an appointment to tour.
